**On October 15<sup>th</sup>, 2022**, we hit the **7000 Subscribers** Mark! This is great news, and we want to thank all of you for subscribing and sharing our Channel. This means a lot to us! We want everyone to enjoy trains as much as we do, and we are glad to be able to provide these streams for everyone.

**On October 22<sup>nd</sup>, 2022**, we installed the New PTZ Camera at Willcox, which is along the Union Pacific Lordsburg Sub at milepost 1074.7. We want to thank all our supporters that helped with our fundraising to make this happen. Hope you all like the new camera and let us know if you have any feedback or comments.

**Benson, AZ Fundraiser Update.** As of today, 10/25/2022, we are \$950 away from completing the goal, please share the following link with your friends and railfan network <https://gofund.me/992f8b00> so we can meet the goal and get Benson online!

**Picture in Picture**, you may have noticed a new feature added to Kingman, Gallup, Willcox, and Winslow. It started off as a temporary feature at Kingman due to Internet Issues, however, one of our subscribers "**Kev63**" suggested it would be a good addition to Gallup. So, we added it to Gallup and got nothing but positive feedback. It became a feature on all the listed cameras above. We are still working out the bugs, but we will get there!

**From our Gallup Host**, we want to invite you to the Gallup Cultural Center's newly renovated station and museum. We are located at 201 E Hwy 66, Gallup, NM 87301. Angela's Cafe and Juniper Bakery are serving the best food in Gallup from 11:00a – 3:00p, and if Skateboarding is your thing, we have Enchantment skate shop. All this on Historic Route 66! Mention RailFanAZ on your visit and receive a "free gift" from us.
